

Lab Supplies for Biology Lab Course

- Digital mass scale (multiple labs) NC
- Test tubes (multiple labs) NC
- Test tube rack (multiple labs) NC
- Test tube brush (multiple labs) NC
- Test tube clamp (multiple labs) NC
- 250 mL beaker (multiple labs) NC
- Bromothymol blue (multiple labs) C
- Disposable plastic pipettes (multiple labs) C
- Disposable gloves (multiple labs) C
- Disposable sterile cotton applicators (multiple labs) C
- P.T.C. test paper (1 lab) C
- Dissection pan (2 labs) NC
- Dissection tools (multiple labs) NC
- Preserved earthworm specimen (1 lab) C
- Preserved frog specimen (1 lab) C
- Sterile nutrient agar (1 lab) C
- Sterile petri dishes (1 lab) C
- Biuret reagent (1 lab) C
- Benedict's solution (1 lab) C
- Lugol's iodine (multiple labs) C
- Elodea (living) C
- Filter paper (1 lab) C
- Funnel (1 lab) NC
- Protozoa hatchery kit (optional, pond water can be substituted) 1 lab C
- Magnifying glass (multiple labs) NC
- Blood typing kit (1 lab) C

For microscopy labs:

- Allium (onion) root tip slide (1 lab) NC
- Methylene blue (multiple labs) C
- Blank microscope slides (multiple labs) C
- Cover slips (multiple labs) C
- Microscope NC

C = Consumable item

NC = Non-consumable item
